EDUCATION

September 2013 – 2015 **Johns Hopkins University**
Master of Education for the Health Professions

July 1996 – June 1998 **University of Cincinnati, Cincinnati, OH**
Department of Internal Medicine
Postgraduate Residency

July 1995 – June 1996 **East Tennessee State University, Johnson City, TN**
Department of Internal Medicine
Postgraduate Internship

August 1991 – May 1995 **East Tennessee State University, Johnson City, TN**
Doctor of Medicine

September 1985 – June 1989 **Tennessee Technological University, Cookeville, TN**
Bachelor of Science in Chemical Engineering

LICENSURES AND CERTIFICATIONS

American Board of Internal Medicine (1999-Present)
Texas State Medical License (2001-Present)
Medical Licensure, State of Ohio (1999 – 2001)
(License allowed to expire due to relocation to Texas)

EMPLOYMENT

July 2015 – Present U.S. Food and Drug Administration
Office of Women’s Health
Current Position: Director of Medical Initiatives and Scientific Engagement
(via invited Interprofessional Agreement between FDA and TTUHSC)

August 2015– Present Johns Hopkins University
Current Position: Graduate Research Program Director
Master of Education for Health Professions, CoE

June 2001 – Present Texas Tech University Health Sciences Center
Department of Internal Medicine / Department of Obstetrics and Gynecology
Current Positions Professor, Internal Medicine
Associate Dean for Women in Health and Science
Director and Chief Scientific Officer, Laura Bush Institute for Women’s Health
Mrs. Avery “Janie” Rush Endowed Chair of Excellence in WH and Oncology

EDUCATIONAL LEADERSHIP

1. Founding Director, Sex and Gender Health Curriculum: Found at www.sexandgenderhealth.com A first of its kind resource for evidence-based interprofessional educational sex and gender health resources. These products were created through the work of over 250+ TTUHSC medicine, pharmacy, nursing, allied health faculty and learners. After a national beta-testing of the products at Mayo Clinic, University of Utah, Texas A&M and Brown University, the products were released in January 2016 to national academic centers.

2. Founding Director, Y Does X Make a Difference CE Series: This series of hour-long CE activities covers a wide-range of women's health and sex and gender differences in health and disease. The sessions are created by national experts from Texas Tech University Health Sciences Center, Harvard, Johns Hopkins, Northwestern, and Brown among others.
3. Lead Faculty, Sex and Gender Practitioner Registry: This patient resource and professional networking registry allows faculty who have achieved 10 or more hours of Category 1 CE credits in sex and gender to self-designate via a listing in the first national sex and gender practice registry.
4. Chair, 2015 US Sex and Gender Medical Education Summit: This event welcomed 113 national and international US medical school faculty representatives as well as federal agencies, non-profit, and professional organizations (a complete listing can be found in the Summit e-Proceedings www.sgbmeducationsummit.org. Summit outcomes and other research articles in the area of sex and gender medical education are will be released via a special supplement from the Journal of Biology of Sex Differences supplement.
5. Director, Capstone Graduate Research Program, John's Hopkins University SOE: In addition to serving as a graduate research advisor for (10) students. In this role I created capacity through process development and worked to ensure program assessment was in alignment with curricular objectives. Working with students and faculty to engage in the new processes were successfully implemented in December 2016. I am currently working with a team on curricular mapping of the Capstone throughout the Medical Education in Health Profession Program.
